## User 's Guide For Pop-up Greenhouse

### Steps to assemble the poly cage

1. Take the poly cage and cross bars out of the carrybag
2. Pop up the poly cage.
3. Insert cross bars to create the roof.
4. Fix the poly cage on the ground with stakes.

### Steps to fold away the poly cage

1. To remove the cross bars under the roof
2. Get the four sides onto one panel
3. Hold two opposite corners of the one panel in one hand and hold it upside down
4. push the upper end down to the floor to fold up the poly cage
5. Put the folded up poly cage as well as the bars back into the carrybag
